

# Integra Bio-Terrain/Metamarx Testing

- SANE PANEL** (Total Sugars, Ammonia, Nitrates, Electrolytes, Chem-strip)

Fee: \$ 40.00

Tests how your body metabolizes sugar and the dynamics of the electrolytes functioning in your body. In addition, this test will accurately measure Ureas, which help determine your use of protein in the body. Liver and kidney burdens can be identified as well.

- ZINC TEST** Fee: \$ 15.00

- SALIVA PH CHALLENGE**

Fee: \$ 15.00

Checks Magnesium/Potassium levels used by the body to neutralize acids and maintain healthy muscle tone. Helps to detect deep levels of physical and mental stress. When highly stressed, the body becomes acidic, which in turn destroys valuable alkaline minerals. Thus, this is also a screening for mineral deficiency.

- VITAMIN C URINE TEST**

Fee: \$ 20.00

Vitamin C is essential to the health of the immune system, vascular and connective tissue, and is a powerful anti-oxidant. Recent research has also placed Vitamin C in the category of an anti-cancer nutrient. This urine test will accurately determine your Vitamin C status.

- CALCIUM URINE TEST**

Fee: \$ 20.00

Calcium is an essential mineral for many cellular functions, as well as for healthy bone development. With this urine test, it can accurately be determined whether your calcium level is adequate, low, or even if it is too high.

- OXIDATA URINE TEST**

Fee: \$ 35.00

This is a test of true cellular damage due to free radicals. Free radical damage can lead to cell degeneration, initiating a host of diseases such as fatigue, allergies, arthritis, elevated cholesterol, and degenerative heart disease.

- MALABSORPTION URINE TEST**

Fee: \$ 25.00

This urine test allows us to screen you for the presence of harmful anaerobic bacteria and bowel dysbiosis. Dysbiosis is a toxic condition caused by a decline in the population of beneficial digestive bacteria. This can lead to malabsorption, allergies, indigestion, irritable bowel syndrome and inflammatory symptoms.

- LIPID PANEL** Fee: \$ 25.00

- URINE (ADRENAL) STRESS INDEX**

Fee: \$ 20.00

- CHEM-STRIP URINE TEST**

Fee: \$ 25.00

Urine test that measures 13 separate urine categories. I use this test to screen you for serious health problems including infections, tissue degeneration, liver disease, kidney disease, and diabetes.
